## THANKSGIVING IN CANADA

The people of lower Canada began observing days of thanksgiving as early as 1799. After the Dominion of Canada was formed in 1867 it was customary to have at least one day of Thanksgiving every year, although there were some irregularities in that respect. Usually Thanksgiving day in Canada was on a Thursday in October or November. Since 1921, however, Thanksgiving day is set by parliamentary statute for the Monday of the week containing Armistice day, November 11.

## JUST ANSWER!

Students Asking Questions Are  
Simply After Facts—  
Tell Them.

If, when you answer the knock or ring at the door some day next week, a high school student starts asking you questions, don't think he is prying in your private affairs. Don't think he's inquisitive.

Students of the economics department of Antioch High school, under the direction of L. O. Bright, are, at the request of several business men, going to take a census of the village. Exactly, how many persons make Antioch their home? The sign at the village limits announces that the population is 1,100. Business men now claim 1,600. The census will tell.

So—answer the questions of the students. You'll want to know, along with the business men, just how large Antioch is.

## TALKS ARE GIVEN BY TWO TEACHERS ON APPRECIATION

Professional Club Holds  
Informal Oyster Dinner  
Thursday.

"Appreciation of Arts" and "Appreciation of Music" were the subjects of talks given by Miss Leona Miller and Miss Hedvig Rice, respectively, both members of the Antioch High school faculty, at the meeting of the Professional Club Thursday night in the high school dining room.

Miss Miller, for illustrations, used pictures hanging in the local schools, and gave a short sketch of the artist, told why the picture was painted, and the qualities making the picture outstanding and making the picture live in the world of art.

"Lohengrin" was discussed by Miss Rice, and having seen the opera a few days previously, she told of the characters who were especially noteworthy. She played phonograph records of several selections from the opera made by outstanding artists.

The committee in charge of the dinner preceding the talks was composed of L. O. Bright, Fred Hackett, and Miss Isabelle Hurwood. An oyster dinner was prepared by the committee and served cafeteria style. Each club member waited on himself, carried out his own dishes, and after the program several helped wash the dishes.

A Christmas party is being planned for the next meeting. C. L. Kutil, Miss Mary Hynek, and A. M. Krali are on the committee making plans.

## DECISION IS SURPRISE

After listening to lengthy arguments Circuit Judge Arthur Fisher late yesterday ruled that the state had not proved a case of conspiracy against Roy W. Bracher, Ira Pearsall, Harold Martin, Caleb Busick and Harold Martin.

The court advised State's Attorney A. V. Smith, which is as far as the court has power to go in this case, that he does not regard the evidence of the state as sufficient to warrant a conviction. He further said that in case a verdict of guilty is returned, he will set it aside.

The decision of the court was a complete surprise.

State's Attorney Smith informed the court that he would not move to dismiss the case against the five defendants. He said he would not take this responsibility, telling the court he would have to assume the responsibility of setting aside the verdict if it is guilty. The prosecutor said that the taxpayers of Lake county were entitled to a decision from the jury.

The case is to proceed. At the request of State's Attorney Smith the court ordered the jury kept together for the balance of the trial, so they will not learn of the court ruling.

Dr. Harding suffered a stroke of paralysis Friday night and failed to regain consciousness. His death occurred shortly after 4 a. m. Dr. Harding was 85 years old.

## DREAM OF MERGING CITIES IS BELIEVED TO BE IMPOSSIBLE

County Seat Is Included  
in Vision; Mayor  
Scorns Plan

Consolidation of all North Shore communities from Evanston to and including Waukegan, creating another great midwestern city is a dream conceived by Prof. William L. Bailey, head of the department of sociology of the Northwestern university and concurred in by Mayor C. H. Bartlett of Evanston, but regarded as impossible and impractical by all mayors and presidents of other cities and villages involved including Waukegan.

"While the thought of one continuous city from the north limits of Waukegan to the south limits of Evanston with all of it named 'Waukegan' might be a pleasant one," Mayor Yager, Waukegan, declared, "it is almost impossible of contemplation let alone realization."

"The problems of Waukegan, a growing manufacturing city are not the same as those of Lake Forest, Highland Park, Glencoe or Winnetka, where industry is not wanted and where development of residential conditions is the prime object. The viewpoints between manufacturing and residential communities are greatly varied."

The plan is opposed by all of the communities involved, including North Chicago, Lake Bluff, Lake Forest, Highland Park, Glencoe, Winnetka and Wilmette.

## ANTIOCH LEGION MEN TO ELECT OFFICERS AT NEXT MEETING

Dinner Is Planned For  
December 6; McCorkle  
Is Chef.

Officers of the Antioch post of the American Legion will be elected following a dinner to be held Thursday night, December 6, in the Danish hall. All ex-service men of the community, whether they are members of the Legion or not, are invited to the dinner.

The meal will be prepared by Charles McCorkle, an ex-service man whose ability as a chef is well known. Mr. McCorkle says he promises "a real feed, plenty of chicken, and all the trimmings."

## TIRED OF POLITICS

Tired of politics and fatigued from the ardors of what he declared has been his most strenuous campaign, Louis L. Emerson, secretary of state and governor-elect, has gone to South Dakota to hunt pheasants with a group of friends. Mr. Emerson was accompanied on his trip to South Dakota by John McQueen, Kirkland, John Hensell, Chicago; and his son, Henry; James James, Chicago; H. Watson, Mt. Vernon, son-in-law of the governor-elect; H. O. Crews, Chicago; and William J. Stratton, Ingleside, secretary of state-elect.

Mrs. G. W. Jensen and daughter were Chicago visitors over the end of the week.

Mr. and Mrs. Roy Graves entertained relatives from Ohio several this week.

## Take Your Choice

Winter has come—not according to the calendar, to be sure, but according to the temperatures. Everyone admits that cold weather arrived this week.

Antioch, during the last week, has had all kinds of weather and temperatures—at some time, everyone has certainly been satisfied. Just a week ago heavy gales visited the community and all of Lake county, the winds doing heavy damage in many parts. One day was comparatively warm, and there was sunshine. Then as a climax to the variety, yesterday boasted a beautiful sunrise, snow, sleet, rain—and more sunshine. And last night came a heavy wind and more snow!

## IT'S WELCOME

Man Spending the Winter in  
Alabama Is Looking Forward  
to Getting News.

What's better than news from home? More news! Of course, letters are the most welcome carriers of news, but an individual person does not know many "choice enlightening facts" that a newspaper discloses.

O. A. Nelson, who has been getting his copies of The Antioch News, on route 2 out of Antioch, has gone to Silverhill, Alabama. In asking that the address on the paper be changed he writes: "I expect to spend the winter in Silverhill, and the home paper will at all times be more than welcome. It's the same way with everyone. The home paper is welcome."

## GRAYSLAKE WOMAN COMMITTS SUICIDE

Believed Despondent Over  
Ill Health—Gas Is  
Used.

Despondent over ill health, Mrs. A. J. Argaves, 35, Grayslake, committed suicide by locking herself in the bathroom of her home, and turning on the gas.

The body was found by her husband and neighbors, several hours later. They had to force the door open. Efforts were made to revive Mrs. Argaves, but the attempts were in vain.

When Mr. Argaves came home after being at his office in Chicago all day, he smelled gas. Unable to open the door he called neighbors.

## ARE IN SOLITUDE

The three murderers of Will Heck, Millburn farmer, are forced through a ruling of Warden Elmer Green, to observe the utmost solitude in the old penitentiary in Joliet.

The warden has forbidden any visitors for the men to prevent any possibility of an attempted delivery and he has also refused to allow visiting parties through that section of the prison.

The men, Dominick, Gresette, Claud Clark and John Brown, will go to the electric chair December 15.

## FALLS ON ICE

Jack Stratton, the son of supervisor Harry Stratton, Lake Villa, fell on the ice yesterday morning and suffered a fracture of the right ankle. The youth was rushed to the Lake County General hospital where he is confined at the present time.

## PREMIUM LIST OUT

Copies of the premium list for the Antioch-Lake Villa Poultry exhibition are being mailed this week by C. L. Kutil, secretary of the Poultry association. Members who do not receive copies within a week are asked to notify the secretary.

## McHenry Mayor Threatens Suit to Clear His Name

Mayor Peter W. Frett and City Marshal John Walsh of McHenry, indicted with more than a hundred others in McHenry county after a special grand jury investigation of the liquor traffic, have announced their intention of fighting the prosecution on the grounds of complete innocence and to follow their trial with suits charging the grand jury investigators with defamation of character. "I shall stop at nothing in smashing them," the Mayor is credited with saying.

Representative Roy J. Stewart, former sheriff, Lester Edinger, present chief deputy sheriff, Joe Wandrack, and others prominent in McHenry county politics, also were caught in the dragnet of the grand jury's investigation.

Lake County Next (?)

It is reported on good authority (in fact the best there is) that the "works" in McHenry county was started by federal men who remain to the background and force the county to make its own cleanup. Also that Lake county is next on the program. Wonder what "leading citizens" of Lake county will be unmasked? Just write down your list now—and see how nearly correct you are when the blow falls. It's a great game, no entry fee.

## ANTIOCH MAN EXONERATED FROM ALL BLAME FOR ARTIST'S DEATH MONDAY; ONLY SHORT DELIBERATION NEEDED

Health Director Issues  
Warning Against Disease

Springfield, Nov. 22 — Characterizing pneumonia as a "bully" that attacks victims whose physical resources are already depleted from some other cause and pointing out that the prevalence of this disease is likely to increase heavily upon the heels of a mild respiratory infection which is now epidemic in Illinois, Dr. Isaac D. Rawlings, state health director, declared in a statement issued today that pneumonia can be prevented on a large scale by the application of reasonable precautionary measures. These include going to bed with first symptoms, keeping warm and taking your time in convalescing from colds, influenza, measles and the like, favoring the lungs with frequent fresh air baths day and night, satisfying the appetite with enough calories and vitamins, avoiding prolonged and too sudden exposure to severe weather phenomena, encouraging bootleggers to change their illegal avocation and sleeping enough to produce a refreshed and rested feeling at rising time.

Coroner's Jury Frees  
Edward Rentner After  
Investigation.

## IN FOX LAKE

After deliberation of a few minutes, a coroner's jury exonerated Edward Rentner, 28, from all blame for the death of W. O. Huszagh, 72, Ingleside artist.

Walking into the path of the truck driven by Edward Rentner, Antioch, W. O. Huszagh, 72, well-known commercial artist of Ingleside, was instantly killed Monday afternoon at 3 o'clock near the junction of the Grand avenue and Nippersink road, Fox Lake.

Mr. Rentner, son of August Rentner was taken into custody by Marshal Joe Riges, Fox Lake, following the accident, but he was released immediately on bonds signed by Motorcycle Officer Frank Valenta.

After an investigation was made by authorities following the accident, it was announced that it is the belief that Mr. Huszagh walked into the path of the truck and that Mr. Rentner was unable to avoid striking him. The theory was advanced that the victim of the accident may have suffered from a momentary lapse of consciousness, as he had but recently returned to Ingleside after spending several months in a sanatorium in Chicago. Residents of Fox Lake have been of the opinion that Mr. Huszagh was still suffering from his mental illness.

Mr. Huszagh was prominent in art circles in Chicago and was one of the most wealthy residents of Fox Lake. He leaves a widow. When the accident occurred he was returning from a grocery store and was carrying several articles of food with him.

The truck driven by Mr. Rentner is owned by the Antioch Oil company and has been making trips to Fox Lake each day for many years. Mr. Rentner says that when he first saw Mr. Huszagh he thought that the artist saw the truck, and after Mr. Huszagh stepped in front of the truck the accident was unavoidable.

## PLAN HOMECOMING IN BRISTOL CHURCH AT END OF WEEK

Varied Program Arranged  
To Mark Diamond  
Anniversary.

Vocal and instrumental music, community singing, addresses by prominent men, the presence of "old time preachers and laymen" and a discussion of the present work and hopes for the future are all planned for the observance of the seventy-fifth anniversary of the Bristol Methodist Episcopal church Saturday and Sunday.

Invitations have been sent all former members of the church who are still living and those in charge of the program are trying to make the two days a real homecoming celebration.

Dr. Enock Perry, who was pastor of the church when the present building was erected, is to deliver the Sunday morning sermon at 10:30 o'clock. In the afternoon at 3 o'clock the Bristol Epworth league will be host to all leagues of the Milwaukee Southern sub-district. A pageant, "Onward March" will be presented at 7:30 o'clock. A candle light service is to be the closing event.

Mr. Englar committed suicide Monday, shooting himself in the presence of an intimate friend, Mr. Englar until recently lived in Chicago.

## ROBERT W. SINCLAIR IS AGAIN ACQUITTED

Second Trial Growing Out  
Of Alleged Oil Scandal  
Connection.

Washington, Nov. 22—Col. Robert W. Stewart, chairman of the Standard Oil company of Indiana, was acquitted yesterday by a jury in District of Columbia supreme court on a charge of perjury.

The jury was out only 55 minutes. It was the second time Stewart has been acquitted in criminal trials growing out of his alleged connection with the naval oil reserve scandals. In an earlier trial he was freed of contempt for refusing to answer questions propounded by the senate oil committee.

In the present trial, Stewart was accused of having sworn falsely to the Senate Public Lands committee about his possession of \$759,500 of the profits of the mysterious Continental Trading company. Part of the Continental bonds were traced from Harry F. Sinclair, oil man, to ex-Secretary of Interior Albert B.

## MOON IN ECLIPSE TUESDAY MORNING

Residents of this locality who wish to take the trouble to get up in the morning next Tuesday, November 27, may witness a total eclipse of the moon. On that morning the moon will enter the earth's shadow at 3:24 central standard time and will remain in eclipse until 5:29 o'clock.

The moon will probably not disappear from view although entirely within the shadow for nearly an hour. Considerable sunlight is refracted into the shadow through the ring of the earth's atmosphere around the base of the shadow. The moon at that time will be dim and noticeably red like the setting sun.

## STARS TO MARRY

Actors and actresses of movie-land were surprised yesterday when Dolores Costello and John Barrymore, stars of the cinema, went to a marriage license bureau in Hollywood and applied for a license. Mr. Barrymore has not yet announced that he had a divorce from his last wife. Miss Costello has never been married.

The date of the marriage has not been announced, but the wedding cannot take place until Saturday at the earliest, according to the laws of California, where a three-day notice must be filed before a wedding.

Are Busy Now--  
Here's Why!

Christmas is coming—and although the Christmas season has not been formally opened, the stores of Antioch are filled with lovely gift suggestions, magazines are filled with Christmas ideas, Christmas hints and Christmas advertising, and one can't help but realize that the Yuletide holidays are just around the corner. And Antioch merchants promise that a larger line of Christmas goods than ever before is to be carried.

Many women of Antioch are making their gifts. Going into most any home these wintry afternoons one can find women embroidering tea towels, pillow cases, vanity sets, aprons—working on novel card table covers, luncheon sets, or dolls. Some are making articles to sell—either for themselves or at a church or lodge bazaar.

And how pretty displays at bazaars often are—especially when the women who have made the various articles have taken the trouble to launder the articles, and mount them attractively or place them in

ALL ABOUT WHAT THE  
LITTLE CHILDREN ARE  
DOING IN ANIMAL WORLD

BY V. LUDEL BODEN

Mr. and Mrs. Brownie Rabbit have opened a greenhouse in Animal Land, and it is about the nicest greenhouse you can imagine. The other night they held a formal opening. That means, boys and girls, that everyone was invited to come to the greenhouse and look it over. Just like your fathers and mothers were invited to the new grade school building in Antioch not long ago.

The greenhouse is very, very large and there are large beds of roses, carnations, sweet peas, chrysanthemums, geraniums, and all kinds of flowers, and then one part of the greenhouse is filled with carrots, turnips, lettuce, parsnips, radishes, cabbage, and other fresh vegetables. The night of the opening Mr. and Mrs. Brownie Rabbit gave a rose to everyone who visited the greenhouse. Wasn't that kind of them?

Well, the strangest thing happened at the greenhouse this week. No, let's see, it started to happen last week. Every morning when Mr. and Mrs. Brownie Rabbit would go into the vegetable department there would be a great many carrots pulled from the bed and piled into a heap on the floor. Then, in the flower room, at least a dozen roses would be cut and thrown on the floor. Of course, the roses were still pretty and could be sold, and the carrots were as fresh as ever, but just the same, the Rabbits didn't like to have anyone prowling around in their greenhouse. The same thing occurred for several nights. Each night as Mr. and Mrs. Rabbit went to bed, they declared they would get up in the night and watch, but they would never wake up until morning—and there would be the carrots and the roses on the floor.

The Rabbits live in a house built onto the greenhouse, and Mr. and Mrs. Brownie Rabbit couldn't understand how anyone could get in and get out of the greenhouse without their knowing it. The doors were always locked at night—and they were still locked in the morning. The windows were the same way. Honestly, the whole affair was a mystery just like one reads about in the story books. Some of the old animal men and women thought ghosts were responsible, for they said that ghosts could go in and out windows that were locked. At least, everyone was interested, and some of the friends of Mr. and Mrs. Brownie Rabbit decided they would have a watch party. That is, they decided they would let Mr. and Mrs. Rabbit go to bed as usual, and they would hide in the greenhouse and watch for the mischief-maker. That is exactly what they did last night.

Mr. Squirrel, Mr. Chipmunk, Mr. Skunk, and Mr. Rabbit's brother, Wiggle-nose, all hid in different places. Shortly after midnight they heard footsteps. The footsteps came nearer and nearer, and finally they rots. Wiggle-nose turned the light could hear someone pulling the car from his flashlight toward the carrot bed, and whom do you suppose he

## A HERO

By Jack Panowski  
7th Grade

"Strike one," the umpire called. It was the last half of the ninth inning at the deciding game of a series between "Colton High" and the "South Side School." The score stood three to three. Colton High was at bat with Johnson at the plate. Four more times the pitcher threw, at the end of that time the decision stood, two

strikes and three balls. A grounder went up from the Colton High line, and I felt a hot flush steal from my cheeks to the roots of my hair. All of a sudden something seemed to snap within my brain as I looked through a red haze and saw the pitcher slowly winding up. He whirled and threw. I swung. Crack! As the ball was sailing out majestically toward left field I was covering first, second and third bases. I was not long home. So was the ball. As I slid I heard the umpire's call of "safe," then everything went black. When I regained consciousness I heard the crowd yelling, "Yea, Johnson." But that tribute melted into air when the coach, who was not given to praise, came up, patted me on the shoulder and said, "Good work, boy."

### Methodist Church Notes

Thanksgiving Sunday, which is next Sunday, will be celebrated in special way in the Methodist church. The entire service will be given over to the traditional worship of America's first "Hold Day"—the day set aside by proclamation for the worship of God in remembrance of His care and protection of the early Pilgrims. As grateful Americans, we can no less than follow the splendid example of our forefathers. Organ and vocal music will grace the service.

A sacred concert is to be offered in the evening. Robert L. Klaus and Lester Levey, accompanist, Zion, will play on the violin and piano. This with Mrs. Ziegler at the organ, will provide a most wonderful program. The Rev. A. M. Kraht will speak on the "Inspiration of Music." Lovers of good music will be present and all others will find a ready welcome.

At the Sunday school board meeting held Monday evening, it was decided to hold two separate meetings for the Church school during the Christmas holidays. Sunday preceding Christmas a Sacred pageant will be presented while on Christmas eve a Christmas entertainment will take place, the idea being to imbue the child with the thought that Christmas is more than merely Santa Claus. Set the dates in your calendar now.

The M. E. Ladies' Aid is busily engaged with the details pertaining to the Christmas bazaar which will be held in the church on the afternoon and evening of December 6. A very fine assortment of gifts will be shown and offered for sale. The annual dinner will be served at 5:00 o'clock.

At the regular board meeting held last week it was decided to consider the building of a Community house. A committee of fifteen was elected to study the need of the community.

### HUNTERS WARNED OF DEADLY PERIL IN RABBIT GERMS

Warnings have been issued by chemists, health commissioners and physicians throughout the country, of the danger of tularemia, a deadly disease which has infected many rabbits and which is readily transmitted to humans.

The chief danger lies in cleaning the infected rabbit, as the smallest abrasions on the hand may introduce the germs. Should the knife used in cleaning the animal scratch the skin of the hunter infection is almost certain to result.

The presence of the disease in the rabbit can be detected in the rabbit's liver. If the organ is unusually red, with small yellow spots, the animal is infected. The disease in humans is first evident from a swelling of the fingers. The infection rapidly spreads into the arms and back of the neck, accompanied by severe headaches. The death rate is almost 100 per cent.

Here are the main points about the disease among rabbits which every hunter should know. Cotton-tails, snow shoe hares, ground squirrels, opossums, woodchucks, porcupines and other mammals are susceptible to it. Ticks also carry the disease from animal to animal and to humans.

Man may catch the disease by handling infected rabbits, skulls of diseased rabbits, eating the meat of a rabbit which has not been cooked thoroughly or by the bites of infected ticks and deer flies.

Symptoms in humans: First pain, tenderness and swelling of lymph glands, which drain the region where the infection occurs. For example, if a germ enters through a cut in the hand the lymph glands of elbow and armpit will be affected. Fever may form at point of infection. Then other evidences of tularemia may follow such as headaches, fever, and general weakness. Some cases have caused death.

Symptoms in rabbits: Animal when found may be a "sulker," or act as if in a stupor, with little inclination to run from dog or hunter. But most easily recognized method and the surest to detect tularemia is to examine the liver of the rabbit. If flecked with whitish or yellowish spots it indicates presence of disease.

### CHRISTIAN SCIENCE CHURCHES

"Mortals and Immortals" was the subject of the Lesson Sermon in all Churches of Christ, Sunday, on Sunday, November 18.

The Golden Text was: "This corruptible must put on incorruption and this mortal must put on immortality" (1 Cor. 15:53).

Among the citations which comprised the Lesson Sermon was the following from the Bible: "For ye are all the children of God by faith in Christ Jesus. There is neither Jew nor Greek, there is neither bond nor free, there is neither male nor female: for ye are all one in Christ Jesus" (Galatians 3:26, 28).

The Lesson Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Man is not God, but like a ray of light which comes from the sun, man is the outcome of God, reflects God. Mortal mind and body are one, and that one is called man; but a mortal is not man, for man is immortal" (p. 250).

preceding twelve months. Boards-town leghorns placed second to the grand championship cup winners, both in total and in single bird competition.

Vol. 1 November 22, 1928 No. 37

Published in the interest of the people of Antioch and vicinity by H. R. Adams and Co.

H. R. Adams, Editor  
Rex Bonser, Mgr.

Here it is Thanksgiving! And we have hardly had time to put away the lawn mower.

Talk about your being thankful! We might be a goose, but we're just awfully glad that we are not a turkey.

By the way, we have some dandy step ladders, five and six feet long. Just the thing for those odd jobs around the house.

The trouble with the rising generation is that it rises too late.

Did you ever notice that every body talks about

the weather, but nobody does anything about it?

"I saw a horse on the street today."

"Great Scott, man! what have you been drinking?"

Speaking of cranberries, they taste good at Christmas too, and it's only 33 days off now.

Words of wisdom—It's usually the young puppy that puts on a lot of dog.

There's a warm reception for the DUCO-finished gifts that you've planned and made yourself. Call at our office and we will tell you more about it.

Just a few suggestions for Christmas that can be purchased at our yard. Breakfast Sets, Ironing Boards, Kitchen

Stools, Hard Wood Floors, Telephone Cabinets and a number of other things that will brighten up your home.

One of our very good customers says he is going to do his Christmas shopping early this year. All should agree on this.

There's no question but that children received better marks in school when the Hickory switch was used.

The most forgotten figure in literature is "The Man Without a Country," but what about the man without a home?

## LEST WE FORGET—!

American Legion posts throughout the country have been staging a campaign to increase their memberships, and during the last weeks hundreds and hundreds—yes, thousands—of ex-servicemen have joined the organization.

Antioch has an unusually active post, and it is large for a community of this size. Legionnaires have taken interest in the schools. They are making plans for organizing a student patrol to keep school children from being injured by traffic while going to and from school. Signs are to be posted warning motorists of school districts, and asking the drivers of cars to slow down. A flag contest is soon to be underway. There are many other plans on the Antioch Legion program. The members of the posts here are guiding hands in the affairs of the community—they are public spirited.

But no less deserving are the women in the Ladies' Auxiliary. The manner in which the various units of the district were entertained last week is worthy of comment. When the district committeewoman said that Antioch is apt to capture laurels when the various units are graded, she knew what she was talking about. Members of the local auxiliary won't take second place in anything. They are out to do their best, and their best is equal to, or better, than the best of women in other communities.

Just as the Legionnaires did their bit "over there" during the World War and as the women did their bit over here, we should do our bit by supporting their efforts now. Of course, we all are proud of the organizations, but this editorial is written—lest we forget.

## LIKE BEAUTY? GET UP EARLY

Early morning—the most beautiful and freshest time of the day, and how few persons are out of doors early enough to appreciate the beautiful sunrises this time of the year. The sunsets are gorgeous—unusually so as they flame across the sky in deep dyes but they do not compare with the sunrises, for in the morning everything is so quiet and so still, while in the evening, especially in villages or cities, there is a great deal of confusion.

Walking from Antioch toward the Antioch Palace, for example, then turning east at the road a little north of the Palace. One can realize the full beauty of the dawn. The black sky with its few remaining stars gradually gives way to a gray with faint tints of pink. Slowly the sky becomes streaked, the pink growing into cerise like long fingers reaching and stretching, reminding one of Milton's passage about "rosy fingered dawn." The sky seems to be built in tiers—each tier being a different shade of gray. The darkest part seems like a mountain chain in the distance. Suddenly, as if

a painter had spilled colors on a canvas, the sky becomes a splash of red, orange, blue, and yellow. The sight makes one feel happy to be alive. Over the lake the streaks of color are sent down to the surface of the water.

It is autumn—and dawn. No one will regret having gotten up at least one morning—or many mornings, to witness the breaking of dawn.

## THE ART OF KEEPING WELL

Preventative medicine. Just what does it mean? A physician who talked to the Mother's club and one who talked to the Antioch High school students last week built their talks around the theme—preventative medicine. Physicians are stressing the art of keeping well—teaching people how to live correctly.

The value of regular physical examinations for children is being stressed throughout the country. This doesn't mean a hasty examination of looking down the throat and hearing the breathing. It means a thorough examination by a competent and reliable physician, not a physician who will find something "wrong" in order to make a little money. If any disease, such as tuberculosis, is developing, the doctor would find it at a very early stage, treatment could start at once and the disease would be checked. On the other hand, if it is not known that tuberculosis is developing the disease may grow to such a serious stage that cure is impossible.

The art of keeping well. Sounds all right, doesn't it? But how important it really is. It is only being fair to yourself to practice the art, and it is only giving the child a chance to see that he, also, learns the merits of keeping fit.

## SHOW WILL BRING VISITORS

Much interest has been created in the poultry show which is to be held in Antioch December 13, 14, and 15 under the auspices of the Antioch-Lake Villa Poultry association. The show will be a drawing card bringing Christmas shoppers to Antioch. Without a doubt, hundreds from other towns will visit Antioch's stores and will do at least part of their Christmas shopping here as a result of the show. The show is to be held in the heart of the business section and it was a wise move to change the location from the high school.

The poultry show itself and the merchants through their displays and through courtesy can do—and will do—a great deal toward making visitors to Antioch feel that Antioch is a lively, wide-awake community and an exceptionally good place to shop. Almost every community will have an interest in the show, as farmers from most localities are planning to enter chickens. High schools, too, from every district, will send delegates from their departments of agriculture to visit the show and participate in the grain judging contest which is scheduled for the same dates.

The last night of the show, Saturday, December 15, housewives will be given an opportunity to buy dressed chickens for their Sunday dinners or live chickens for the holidays.

Such a project as the poultry show deserves the support of every man and woman in Antioch and in other parts of this district.

Old  
Eagle  
Eye  
Says—

Greetings, folks! How do you like the weather? Haven't the roofs, covered in white, been picturesque?

Cow walked slowly and lazily down the sidewalk in front of the Methodist church the other morning, apparently unaware of anything or anybody. As she came directly in front of the church steps, she stopped, seemingly trying to make up her mind if she should go in, and then hastened by at double speed. Probably the cow is another one of those poor souls who has yielded to the temptations of the devil!

Monday morning the snow was falling as the children were going to school. There was little snow on the ground, but small grade school boys managed to make a few snowballs, fill their pockets, and woe unto the girl who happened to pass by!

Regina Rauhen always seems to be in a hurry, and she didn't have any trouble hurrying along one of those windy days last week, for the wind kept her going at a great speed.

This ignorant world outside of Antioch don't know that this thriving little city has a "Board of Trade." Antioch's "board of trade" is on Lake Street and is a world all its own. Here the old gang assemble, in eight or in ten. There is no entry fee, no high prices for a seat on this "board of trade," the only entrance requirement being that the applicant be a good bookkeeper, or a good listener. Here many weighty arguments have taken place, national, state and municipal affairs have been discussed to the last detail, and the dumb world would have been better for having listened in. No fortunes are ever made or lost here and no one is ever accused of having the joker up his sleeve. The nearest thing to a panic that ever occurred within the four walls was when one lucky man held two pairs against his field of opponents—but the two pairs were all ones. Long live Antioch's "board of trade."

It is rumored that Antioch's white way, or ornamental lighting proposition will again be a live issue within a very short time. This time the best and most feasible plan yet proposed will come before the village soon. Well, you can't keep a good man or a good proposition down. For

years a white way has been the fond dream of a majority of the business interests of Antioch.

There are yet no gas mains on Main street between Orchard and Lake streets, and several business houses on the main drag are clamoring for this convenience. But how are they to get it? Easements rights to the Public Service company for the laying of gas mains across the rear of lots are hard to get, and many regard tearing up Main street pavement as bad business. No prize is offered for the solution of the problem, but it will be solved in due time.

Some like the remarks of Old Eagle Eye, and some folks don't care about these paragraphs at all. It's just like some other things—some folks like cake, some like pie, and others take theirs straight, and they can't hate one another for their likes and dislikes. So, dear reader, if you are bored by these lines, just turn over to the back page and scan the classified columns for bargains or "what have you?"

Goodbye! See you later if we don't get snowed in.

## ZION CANDY INDUSTRY HAS NEW MACHINERY

### New Addition Means Big Increase in Production For Year.

Installation of machinery is virtually completed in the new addition to Zion Candy Industry, erected this last summer and fall at a cost of almost a quarter million dollars.

This new plant, which is one of the 21 business institutions at Zion City under the control of Wilbur Glen Vollra, places Lake county in the very forefront in the candy manufacturing industry. Equipped with the latest types of machinery for candy making in all its various departments, it becomes one of the most modern and efficient plants of its kind in the country.

Last year Zion Candy Industry, which is a wholesale manufacturing concern shipping goods into all parts of the United States, did a business of \$490,000, showing an increase of 20 per cent over the preceding year, but with its up-to-date facilities and with 40,000 square feet of floor space added, the percentage of increase, this year, will far exceed that figure.

## POPULAR AND RETURN MATCHES ARE LISTED FOR PALACE SHOW

## Bouts Last Friday Fill Hopes Of Fans Who Braved Weather.

Two popular and three return matches are promised by Promoter Dick Maczek at the Antioch Palace for tomorrow night.

And the popular matches "listed well." Frankie Hughes, Kenosha, and Jimmy Murphy, of the Belle Plaine A. C., 135 pounds, are going to stage a lively tilt, no doubt, and Charlie Zahmale, Highland Park, and Bob Hermance, Genoa City, 121 pounds, will probably strike up an lively tussle, also.

There he should action enough when Jimmy Hull, Lake Villa, meets Harry Leggett, Chicago, in a return match. The other return match is between Leo Leggett, Chicago, and Bobby Johnson, Deerpark.

Other bouts scheduled are between Billy Van, North Chicago, and Stanley Krosky, Salem, 165 pounds, and between Hugh Campbell, Grayslake, and Raymond Krug, Burlington.

When return matches are scheduled on a boxing card, fans always expect bouts far above the average, and those who braved the hard rain and heavy wind Friday night to see the Antioch Palace card were not disappointed.

There wasn't a minute that there wasn't action—sometimes exceeding in speedy performance and other times slower, heavier blows. George Taylor, the popular Negro fighter, Waukegan, won the admiration of everyone who saw him box Fred Lang. From the time the gong sounded announcing the beginning of the fight, until four rounds had been completed, all eyes were glued on the fighters. There was slugging aplenty.

The fight was a wow, and Taylor seemed to be the upper man virtually all of the time. He was faster than usual, and that is saying something for this lad. A disagreement was announced at the end of the third round, but Lang was declared winner after an extra session. Many fans let out a howl after the decision was announced, and it was evident that they thought the spoils belonged to Taylor. To the writer, however, Lang seemed to have the edge, slightly.

## Another Disagreement

Charley Zahmale and Harry Leggett put on a show that didn't drag for a minute, and again the judges disagreed, making the fourth round necessary. Leggett was declared winner, which was sure enough fair, for Leggett gave his best throughout the fight, especially in the last round, and Leggett's best is better than anything Zahmale offered.

Eddie Garlow, Kenosha, beat Jim Peterson, Chicago, in three rounds, and speaking of slugging! The entire bout was interesting and a different from the usual run, although not so speedy.

Not a ghost of a chance did Waukegan's Townsend Town have against Kenosha Joe Stowe, and early in the second round the Waukegan man was sent to the floor for the neces-

sary count to credit Stowe with a k. o.

Steve Slazer was defeated by Herb Simmons. There wasn't any question as to the winner, for Slazer was down for the count of nine in both the last and the next to the last rounds. Both men did some hard hitting, however.

Only 57 seconds of fighting in the first round were required for Bud Labus, a comparatively new fighter from Waukegan, to knock out Mort Maxtedon, who comes from the same city.

their first wedding anniversary and in honor of Mrs. Firechow's parents' twentieth wedding anniversary. It was a surprise to the parents. Those present: Mr. and Mrs. Edward Firechow, son Earl, Bristol, Mr. and Mrs. Byron Rykes, the Misses Ruth, Ruby and Beatrice Rykes and Edward Evans, Salem. In the evening Mr. and Mrs. Charles LaMeur were again surprised by thirty friends and relatives (mostly out-of-town guests). As they returned home from church the guests were in readiness for them. An oyster supper was served. They were presented with a novelty box containing 25 silver dollars.

Mr. and Mrs. Frank Gothen have returned from Milwaukee where they spent the last week and attended the rededication exercises of the Auwer avenue church and dedication of a new pipe organ. The Rev. F. B. Frankson is pastor.
